ADMINISTRATION

FACULTY

The Lincoln High School for 70 years has attempted, and successfully so, to provide guidance and educational advantages to the thousands of Kansas City youth who have passed through its portals. The taxpayers of the city have provided beautiful and adequate buildings. They have made possible the employment of a qualified and dedicated staff. And, as a result, graduates too numerous to mention have emerged and taken their places throughout the world as successful and respected citizens. This class will be no exception.

To the graduates of 1955 who have striven so hard to help Lincoln grow and develop, we heartily extend the best wishes of our staff for a happy, useful and successful life. They will enter years of greater opportunities than those experienced by our former graduates. It is our fervent hope that they make the best use of them.

Ann Johnson, Counselor

Students seek help for their many problems in the Office of the Counselor where they are given individual attention. The counseling program is based on the policy of giving each student the attention he needs as an individual. All services are designed to help him grow in his own best way and make the most of his high school years.

Seniors !! "55"

Lincoln High

*Schools out !!
3:05*

I don't know just what to say about the Seniors, except they are just great. You couldn't have a better bunch of class mates. I am really proud to say that I am a member of this great gang, the class of "55". I want to wish lots of luck to all my friends, and the best to them.

Seniors Bid Farewell to Lincoln

"Day after day youth wends its way—pausing awhile—yet not to stay"

In September, 1951 the now distinguished class of 1955 first entered the portals of Lincoln High School as wide-eyed freshmen; however, because of the friendly atmosphere and excellent counseling from the advisers, some members of this superior class soon became inspiring leaders.

Because of the hard work of members of this class, the English and Civics cup was awarded to two outstanding scholastic students at the end of the freshman year. Football, basketball and track were engaged in by "mighty" members of this class who were once considered to be "lowly" ninth graders. They now took their place beside the giants of the upper classes.

After completing the ever-to-be remembered freshman year and becoming "worldly wise" sophomores, the class advanced to make more news-making history within, as well as without, the walls of the "Castle on the Hill." Several members boasted varsity uniforms in each sport participated in by students of Lincoln High School. One of the highlights of the year was the election of the all-city high school mayor from this group. Yes, the class was on its way. Nothing could stop it now! It was destined to make history.

As juniors the class surpassed all expectations in achieving fame in football, basketball

and track. Members of this class were the backbone of every worthwhile organization throughout the entire school. And, as usual, the candidate for mayor from Lincoln High School was a member of the Class of "55". The annual junior class play entitled "Bill's Night Out" was a howling success.

Father Time continued his journey and the already stellar class of 1955 made new advances in every field. In June, this class shall make its exit with mixed emotions of joy and sorrow—joy for being able to venture into new fields and sorrow for having to leave behind the carefree, happy days of youth.

We want our beloved faculty and administration to know that we appreciate their efforts in bringing out the very best qualities that lie within us. We shall always love and praise Lincoln High School, not in terms of structure architecturally, not in terms of increasing personnel, but rather as a monument to the personal helpfulness it has given each of us and which we are sure it will continue to do in the future.

We leave with the Class of "56" the responsibility of upholding the ideals and principles of Lincoln High School. We charge them to do their part well.

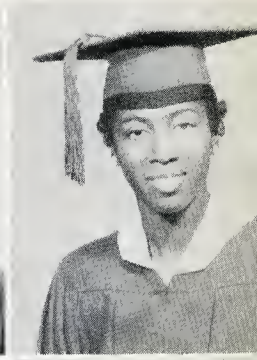

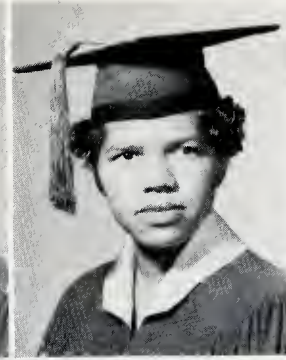

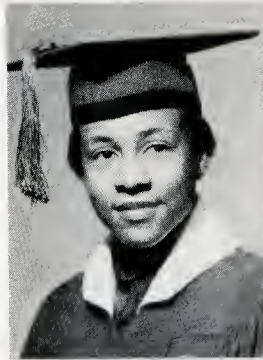

*How wonderful!!
our class always
had fun!!*

Sophomore Officers Pose for a Picture . . .

Left to right — Melba Green, Chairman of social Committee; Josie Russell, President; Ronald Tillmon, Vice President; Doris Johnson, Representative to the Student Council.

The class of '57 is proud of its accomplishments as Freshmen in both curricula and extra curricula activities. Bobby Graves, Sylvia Brown, Josie Russell and Rose McKay received awards for high scholastic achievements. Julia Ann Richardson won honors in a National Art contest. Several boys are outstanding in basketball, football and track. The class hopes to improve its record this year.

Freshman Officers Make Plans for the Coming Year

The class of '58 entertains fond hopes of being the finest class Lincoln has ever produced. For the year 1954-55 the class hopes with concerted effort to produce three short playlets for its assembly program, to have a picnic and to aid in every way in making Lincoln High School one of the best schools in the nation.

Left to right — Elaine Carter, Assistant Secretary; Sally Wattley, Sergeant at Arms; Mary Roffle, President; Sonja Watkins, Secretary Douglass Lacy, Reporter; Vesta Allen, Treasurer.

Lincoln High School offers a varied curriculum designed to meet the individual needs and interests of the student. Students who plan to go to college take courses which prepare them for college entrance. Others take courses designed to prepare them for gainful employment after high school.

Some of the clothes you wear, others - of well!

HOMEMAKING

Recognizing that every girl is a potential homemaker, and that all boys will, as adults, be concerned with home life, the Homemaking department practices the philosophy that young people should be prepared for this phase of their careers.

The art of cookery, and the skills of clothing construction are supplemented by principles of management, planning, and buying. Basic information on home decoration, child care, and family relationships is included in the program. All of the work of the department is centered toward contributing to the stability and happiness of the American home.

Cooks? — Bye !!

Lookie here !!

Beginners 11.

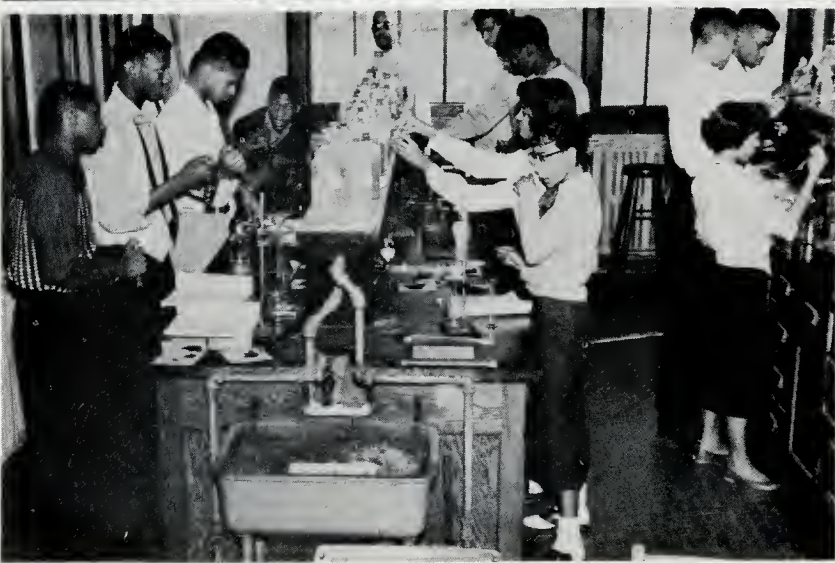

"Second Place"

"Waiting for 'Santa', created by students from the Homemaking department, won second prize in the novel division of the annual table setting contest sponsored by the Glass and China House in November.

Members of the table setting contest team were Marva King, Margaret Walker, Delores Caesar, Leola Anderson and Trendle Shellner.

A set of Franciscan pottery, service for four, was presented to Lincoln.

Biology

No. 1

These students are observing the Protozoa, a one-celled animal under the microscope.

General Science

No. 2 *well now!!!*

Students in General Science are learning how to repair household electrical appliances.

Chemistry

No. 3

Experiments are performed by these students in studying the properties of carbon.

CLASSROOM ACTIVITIES

Common Learnings

Students in Common Learnings learn how to solve problems of personal and social development common to all youth in school. Through the medium of English and Civics emphasis is placed upon orientations, personal and social development, state and local government, recreational and vocational interests.

The above students are discussing some of the early problems of Missouri.

*I really like

all the latest (has)*

Newswriting

Gathering news, writing, typing and editing it, proofreading, planning page layouts, and pasting copy are some of the activities which take place in the newswriting class where the school publication, THE LINCOLN CALLOTYPE, is published twice monthly throughout the school year.

Students also gain wide experiences in advertising solicitation. They learn to take orders from local businesses, discuss contracts, "draw up" the advertisement and perform other duties associated with the business end of getting out the news sheet.

Through the study of newswriting many persons are given the opportunity to interview outstanding persons who visit the community, attend local and state journalism workshops and be present at press conferences.

THE LINCOLN CALLOTYPE, one of the few high school papers distributed without charge to the students, teachers and administrators, goes into more than 1100 homes and is read enthusiastically by all who receive it.

Boys Physical Education

These boys demonstrate skill in balance and coordination in this pyramid formation.

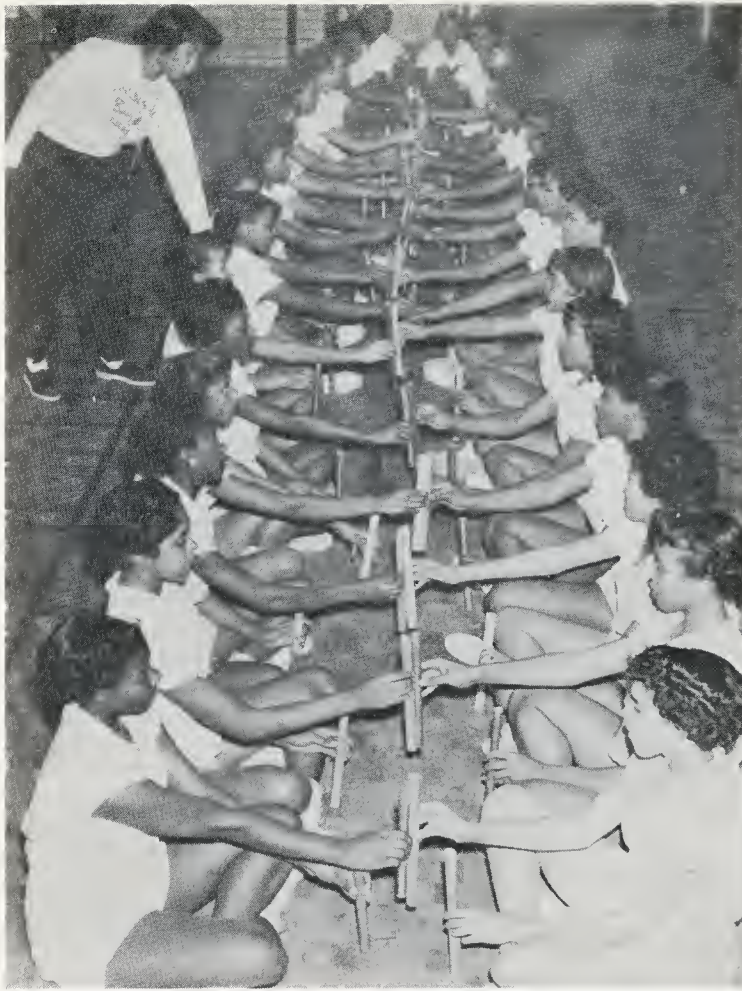

Shy on!!

Driver Education Stresses Safe Driving

Students learn to understand the responsible job of a driver and the importance of building sound traffic habits. The importance of observing traffic laws and a step-by-step procedure for driving a car are also taught in detail. Emphasis is placed upon the individual as a driver and as a pedestrian in order to show how the "human element" affects driving and walking.

Get Parked!!

*Lets see
pretty good!!*

Girls Physical Education

Rhythm and co-ordination are developed by this game played with 2 twelve inch sticks. The girls maintain rhythmic techniques while a chant is being sung. The game might have been originated by the American Indian or some primitive group.

Girls Swimming Class

These girls in the advanced swimming class pose for a picture beside the pool after demonstrating their aquatic ability.

*Well - yes!!
ok - let

The Music department presents three outstanding programs during the school year—the Thanksgiving assembly, Christmas assembly and the Music Festival in the spring. For the Thanksgiving assembly the students play host to the ministers of the various churches in the city. An outstanding minister is chosen as guest speaker.

Orchestra

The annual Candlelight Services at Christmas is incomparably beautiful and impressive. A special invitation is extended to alumni, parents and patrons.

The Band and the Orchestra join with the Chorus for the Music Festival in the spring.

Also the Chorus performs for various civics organizations throughout the year.

First Row: Albert Glover, Susie Ray, Robert Love, Willie Pippen, Carrol Walker, Ross Evans, Alfred Thomas, Gilbert Rolland, Johnnie Gaines, Harry Davidson. THE ROTC

The Junior Officers Training Corps program develops good leadership, good citizenship, and a respect for constituted authority. Eleven basic subjects are taught. Boys with outstanding ability in leadership, drill and marksmanship become members of the "crack" Drill team and Rifle team. The annual ROTC circus while designed to augment the unit's funds permits the public to view some good novel acts and to see the decorum displayed by the cadets. At the close of school the cadets spend two weeks "in the field" in summer camp at Ft. Leavenworth, Kansas.

GRIDIRON TIGERS HAVE THE BEST

SEASON IN MANY A YEAR

When the members of the Lincoln High School Tigers hung up their cleats, they left behind one of the best records in the history of the school.

Coach Lee's versatile and highly synchronized grid machine ranked well with some of the former standout elevens developed in Lincoln's gridiron history.

Lincoln's eight victories included a brace of wins over Joplin and Sumner, one each over East St. Louis, Columbia, Oklahoma, and Webster Groves. Only to the Vashon Wolverines of St. Louis did they bow as two costly miscues benefited the invaders.

In nine games Lincoln piled up a total of 216 points as compared to only 68 for the opponents. Only one school scored more than one touchdown against the Tigers.

The Tiger attack was triggered by perhaps one of the greatest quarterbacks ever to wear the blue and gold—Eulish Herron. Herron was aided by a fine array of speedsters headed by Clyde Newman, Kenneth Cameron, John Bradley, Ben Mercer, Raymond Johnson, An-

drew Jones and DeMorris Smith. These backs combined speed with deception and presented one of the most devastating ground games ever seen in local gridiron circles. Herron, the magician, threw ten touchdown passes to four exceptional ends — Sam Montgomery, Curtis Townsell, Richard Littles and Clifford Hopkins.

The great forward wall coached by line-coach James McCreary and end coach Laurence Wilson was led by Pete Ricketts, Theodore Hightower, James Smith, Phaon Swopes, Gerald Brown and Garfield Vetresse. This forward wall became so vicious against Webster Groves that the St. Louis team ended the game with a —8 yards rushing.

The highlight of the season was the Tiger's two victories over their cross town rival—the Sumner Spartans.

Lincoln's scoring was led by left-half Ken Cameron, 42; fullback John Bradley, 34; end Clifford Hopkins, 28; full-back Ben Mercer, 24; end Richard Littles, 16; and right-half Clyde Newman, 12.

They were tops!!

HOME

A wonderful day!!

COMING

1954-55 Lincoln Cagers

With a nucleus of four starters from last year's M.N.I.A.A. state championship squad, including three all-state selectees, the 1954-55 Lincoln Tiger basketball team moved at a fast pace throughout this season. They compiled a 14 game winning streak, and to date have only 1 loss. Contributing factors to this marvelous record have been the Big Blue devastating fast break attack, team poise and balance, a hustling defense, rugged rebounding, the skillful execution of fundamentals and precision-like play patterns, a good "bench", and excellent overall team morale. While holding the opposition to a total of 749 points for a game average of 49 points, the Tigers compiled a total of 1200 points for an 80 point a game average. Scoring over one-third of these was phenomenal Sam Montgomery with 430 points to date. This gives him an average of 28 points a game, the highest in Lincoln history. Other scoring threats were pivot-post man Eugene Hawthorne, and flashy Robert Wedgeworth. Dependable William Riggs usually initiated the play patterns.

How!! this is it!! They did it!! they worked on out!!

The Tigers also set a new game scoring record with 120 points. After this game the opposing coach was heard to comment, concerning the Lincoln team, "They have everything". And that just about tells the story. Coach Kirkpatrick and his squad worked hard to develop a team which would reflect credit, in all respects, to a great school. Seniors who will not return next year, in addition to those mentioned above, include Eulish Herron, Clyde Newman, Curtis Townsell, and Clifford Hopkins. Returning for next year will be De-Morris Smith, William Andrews, John Gaines, Ronnie Green, Edward Glynn, and Frank Bilberry.

The Tiger "B" squad under the tutelage of Coach Hardiman also has an impressive record with 8 wins against 2 losses.

DEMOCRACY IN ACTION

THE STUDENT COUNCIL

The student council is a governing body which gives the students an opportunity to voice their opinions on various issues at Lincoln High School. The council is composed of one representative and an alternate from each homeroom who serve the entire school year. The council promotes community projects, participates in All City High School Day and sponsors good citizenship and scholarship campaigns.

NATIONAL HONOR SOCIETY

Students are inducted into the National Honor Society on the basis of scholarship, service, leadership and character.

Members of the Lincoln High School Chapter are Almeta Kimber and Melba Zachary.

Brauns!!

LINCOLN BRANCH LIBRARY

Students at Lincoln are fortunate in having a branch of the public library housed in the south wing of the building. The Lincoln Branch has a collection of approximately 15,000 books and 200 bound periodicals, a seating capacity of 48 and a conference room.

In addition to the regular collection of books for reference and collateral reading there are two special collections, one of about 800 volumes for young people and one of some 700 volumes by and about Negroes.
